

ANGELA ST. JULIEN

MEDIATOR & ARBITRATOR SUMMARY

Experienced Mediator with a demonstrated history of working in the education management industry. Skilled in Coaching, Team Building, Management, Leadership, and Strategic Planning. Strong business development professional with a servants heart.

Angela St. Julien is the owner and primary mediator/arbitrator at Yes Mediate, LLC. Her philosophy is that all parties should walk away from a mediation experience feeling heard and having played an active role in their own solution. She believes an agreement will be most successful and likely followed when all parties are invested in its design. She is currently completing a graduate program in Family Studies and Christian Counseling. She also has Bachelor of Science degrees in Political Science and History.

Angela's mediation technique focuses on the human interaction in the possibility of rebuilding the damaged relationship whenever possible. If parties are not likely to continue a personal or working relationship in the future, she strives to assist the parties in maintaining rapport based on mutual respect as they continue to operate and/or live in a shared community.
